Prooemium.

Maximo cum desiderio iam dudum opus cupiebatur, quod explicaret, quocumque hodie sacer ac canonicus Ordo Praemonstratensis se diffunderet, quod statum canoniarum eius singularum in praesenti uberius exponeret, imprimis autem de singulis filiis filiabusque s. Norberti, huius Ordinis gloriosissimi fundatoris copiosius edoceret.

Haec ardentissime optata catalogus iste saltem aliquo modo forse explet. Nequaquam videlicet auctori de hac re meritumtribuendum est, sed potius carissimis tantum nuntiantibus summa laus debetur, qui permagno studio et ardore petentem auxilium suum maximi aestimandum tam benigne in componendo catalogo Ordinis adiuverunt. Quibus cunctis hic singulares gratiae aguntur, praecipue Rssmis, Perill. ac Amplss. D. D. Hermanno Jos. Herstraets, abbati canoniae Postel et Dionysio Bonnefoy, provisorio apostolico congregationis Gallicae Ord. Praem. nos comitissime certiores facientibus de almis canonis suo regimini egregio subiectis. Valde nos dolet, quod Plurimum Reverendis ac Eximiis D. D. Prioribus et Religiosissimis D. D. Priorissis et omnibus promptissime tam plenos nuntios mittentibus singulatim dignas gratias referre nequimus. Laborem, quem isti libentissimis animis subierunt, non exiguum fuisse intelligi potest, si multitudo epistolarum, chartarumque postalium missarum respicitur, quarum numerus est centum et viginti.

Maximas quoque gratias iniit Pl. R. D. Philippus Matzgeller, prior et bibliothecarius canoniae Wilten, qui peritissimus literarum Praemonstratensium nos valde adhortatus ad componendum hunc catalogum eximia copia librorum instruxit, quibus admodum indigebamus in concipienda brevi historia Ordinis. Summae operae enixe incubuerunt R. D.

Isfridus Valvekens, canonicus abbatiae Tongerlo et R. D. Alphonsus Żák, canonicus abbatiae Geras, quorum litterae nobis fontes uberrimi fuerunt ad concinnandum hoc opusculum et dilectus frater noster Sigismundus Auer, clericus canoniae Wilten, qui maximam catalogi partem manu sua diligenti scribens prelo paravit et suo studio praegrandi nos ab ingenti labore liberavit. Ob quas causas iisdem et cunctis meritissimis operis sociis gratiam persolvimus, quantam maximam animus capere potest. Utinam horum omnium industria et saltem aliqua ex parte praemio afficiatur et desideriis eorum aliquo modo satisfiat isto libello!

Lectores nobis magna cum benevolentia indulgeant, si spei suae parum responderimus! Non ignorans vires nostras non satis idoneas esse, intelligentes etiam nobis forse per multa melius et uberius perficienda fuisse, nihilominus obsecramus, ut benigne vitia nostra excusentur; nam prorsus caruimus exemplum, quod imitari potuissemus; talis enim catalogus totius Ordinis Praemonstratensis numquam editum est et iuvenis auctor nondum satis est peritus literarum huiusmodi generis aliorum Ordinum. Catalogos cleri saecularis, quam fieri potuit, imitati sumus.

Concedatur clementissime ut paullulum agatur de dispositione opusculi etc. Jam ab initio consilium cepimus materiam ad tres Ordines S. P. Norberti et ad ordinem literarum componendi. Quod hoc attinet, fere ubique propositum exsequi potuimus, sed ab illo semel recedere coacti sumus. Diu enim expectavimus relationes e Conques et Storrington, prioratibus, — quamquam identidem litterae ad eos missae erant, in dies morabantur, — immovero diutius expectavimus, — illae non venerunt, nescimus quibus de causis — ut congregatio Gallica suo loco collocari non posset.

Titulos appellativos, dies et menses natales, vestitionis, professionis etc. etc. omisimus diversis causis commoti et oppressi, quarum hic mentionem facere nequimus. Nomina canoniarum, parochiarum, decanatum etc. etc. patrio tantum sermone, quo in publico commercio nunc utuntur, non conversa in latinum adhibebantur, ut loca quam facillime in tabulis geographicis inveniri possent, quod maxime expedit ad epistolarum commercium. In praenotandis (pagina XXII—XXIII.) accuratius nuntiantur nonnullae res lectoribus forsitan ignotae sed maioris momenti ad melius intelligenda quaedam instituta canoniarum. Praeterea intendatur ad paginas 126—130 supplementum et errata catalogi continentes. Conscripta supplementi in conspectu totius Ordinis

(pag. 108—111) non sunt neglecta, itaque iste valet usque ad hunc diem. Iste conspectus non continet iuri patronatus tantum canoniarum obnoxias parochias a saecularibus sacerdotibus procuratas, ergo numerus animarum 306.000 attinet parochias solum administratas et incorporatas.

De Imbramovice, abbatia et Czerwińsko, prioratu paucissima tantum nuntiare potuimus propter suspicaces, commercium tum inter privatos tum inter ecclesias extrema ratione prohibentes magistratus Russicos. Religiosissima Soror Carolina Slupnicka, canonissa abbatiae Zwierzyniec nos certiores fecit, canonissas in Imbramovice et Czerwińsko vere miseratione dignas iam unum annum litteras ad sorores in Galicja non scripsisse valde veritas, ne a saevis magistratibus Russicis vehementius vexarentur quam ad id tempus.

Catalogi index locorum nomina tantum complectitur provinciarum Angliae (Shire), Francogalliae (Departements), Helvetiae (Cantone), Hispaniae, regionum Hungariae (Comitatus), dioecesium, decanatum, quibus canoniae, parochiae, missiones attribuuntur, porro ultimae postae, illorumque locorum in quibus canonici vel clerici Ord. Praem. degunt, interdum etiam locorum maiorum, quae prope canonias et missiones sita sunt.

Locis natalibus Canoniorum et Canonissarum, si ista in alia civitate vel provincia sita sunt, quam canonica, nomina huius civitatis vel provinciae uncis inclusa adiungebantur. Passim loca natalia desunt, quia haec comperiri non poterant.

Annis erectionis singularum canoniarum semper verbum circiter praeponendum est; nam plurimi valde sunt incerti. Quo antiquior canonica nuntiatur, eo incertior annus erectionis.

Index personarum omnia nomina continet, qui in catalogo leguntur. Nomina, quorum priores literae vocales notis sunt praeditae, aliis tales literas notatas non habentibus sunt postposita. (Exempli gratia: pag. 113. Jánoshida, Jászó etc. succedunt locis Japons, Jasz-Kiskun.) Quaedam nomina pro vocalibus literis ij saepius literam y habent, ergo inveniuntur posteriore loco.

In literis Praemonstratensibus (pag. 130—134) opusculorum, quae partes quorundam corporum sunt, mentionem non fecimus. Operum de Ordine Praemonstratensi tractantium index videlicet non est perfectus, continet tantum haec, quorum certiores facti sumus.

Denique suppliciter petimus, ut nobis condonent lectores, quod editionem tamdiu retardavimus. Tum morabantur epistolae, tum quaedam in officina typographica obstabant, tum auctor officiis muneris sui impediabatur, ut libellus desideria ardentissima nimium diu vitaret.

Brevem historiam foundationis et propagationis Ord. Praem. permultis valde petentibus conscripsimus. Eximio studio res gravissimas et cognitione dignissimas contendimus in pauca conferre. Utrum cunctis votis satisfecerimus, necne, nostri iudicii non est.

Pietate et verecundia erga Peregregios Celsissimosque Superiores Ordinis penitus perfusi nostrum opusculum insigni benevolentiae Reverendissimi, Illustrissimi ac Amplissimi Abbatis Generalis, D. D. Sigismundi Starý et Reverendissimi, Perillustris ac Amplissimi Abbatis canoniae celeberrimae nostrae D. D. Laurentii Müller et omnium Reverendissimorum Perillustrum ac Amplissimorum D. D. Praelatorum, Religiosissimarum Dominarum Abbatissarum sacri, candidi ac canonici Ordinis Praemonstratensis summa cum culta ac veneratione dedicare audemus. Accipiant clementissime opusculum, benigne ei indulgeant ac faveant, quod promoveat, quam fieri possit, ut erga sacram institutionem S. Patris Norberti amor in animis omnium magis magisque inflammetur, mutua cognitio augeatur, extraneorum reverentia in meritissimum Ordinem excitetur, quod Deo propitio feliciter eveniat!

Wilten festo s. Evérmodi, die 17. Februarii 1894.

Franciscus Danner,
Clericus Canoniae Wilten.

Brevis historia foundationis et propagationis Ordinis Canonicorum regularium Praemonstratensium.

Inter nitidissima sidera, quae labente, immo fere corridente disciplina cleri gratia Dei, omnipotentis et misericordis exorta, tenebras effuse propellantia, splendidissimo fulgore colustrarunt caelum, non fuit minimum sanctus Norbertus, qui antea mundi deliciis voluptatibusque irretitus sed divina providentia circ. anno 1115¹⁾ ut alter Saulus conversus, radia lucis spiritualis ardore vehementissimo quoquo versus fundens, virtutibus praeclarissimus peccatores impetu praedicationis percussos ad poenitentiam saluberrimam commovit, haeresim turpissimam, ss. eucharistiae sacramentum ignominiis detestabilibus afficientem eloquiis divino spiritu plenis extirpavit, pro unitate integra sanctae matris ecclesiae fortissime propugnavit.

Primo Canonicus in urbe Xanten, (sita in Cleve, ducatu, hodie in provincia Borussica, quam dicunt Rheinlande) in qua etiam natus est intra annos 1080—1082, sed postea hac dignitate ac munere se abdicans, ad mores cleri emendandos, disciplinam ecclesiasticam restaurandam, imprimis Clericorum coelibatum ferventissimo animo defendendum divinitus vocatus socios collegit, qui „Sanctorum Patrum praeceptis obedientes, Apostolicae disciplinae sectantes vestigia, mundanis pompis et possessionibus abrenuntiantes et Domino totis annisibus famulantes vitam canonicam secundum B. Augustini institutionem“²⁾ summa cum austeritate vivere statuerunt.

¹⁾ Pertz, Monum. Germ. pag. 670.

²⁾ Vide Confirmationis Ord. Praem. bullam per Honorium, Papam II. editam die 17. Februarii anno 1126, in primis paginis operis „Statuta Ord. Praem. renovata ac anno 1630 a Capitulo Generali plene resoluta etc. editio II. curata a Carol. Saulnier, Canon. Praem. Stivagii (Estivai in Lothringen) 1725.“

Quidam socii vero s. Norberti saluti satis fieri putabant, si praeceptis tantum eiusdem obedirent, neque regula neque Ordine se indigere. Is autem commonuit fratres apostolica et evangelica mandata sine regula et sine Patrum institutionibus integra observari non posse, plantationem egere firmum fundamentum, ne postea labefieret. Quamquam multi, tum episcopi tum abbates, alii aliud consilium dederunt, unus eremiticum, alter anachoreticum, tertius Cisterciensium Ordinem ei suasit, ut assumeret, tamen professionem canonicam, cui ipse et magnus suorum numerus, fuerunt iam ab infantia adscripti, decrevit non relinquendam esse, sed regulam a beato Augustino, ecclesiae Hipponensis episcopo clericis eius praescriptam¹⁾, mox deinde a plurimis episcopis clero in urbe episcopali versanti impositam sed tabescente ecclesiastica disciplina exoletam arctius servandam esse²⁾.

Ex hac institutione perspicue intelligi potest, quinam sit finis Ordinis. Regula s. Augustini Praemonstratenses obligantur ad paupertatem, castitatem, obedientiam et communem vitam. Sed quia etiam Canonorum societati adscribuntur, obligantur etiam ad Apostolicos labores scilicet ad curam fidelium animarum.

Sanctissimus Pater Norbertus videns Clericorum sive Canonorum institutum valde esse sanctum et ecclesiae omnino necessarium, eo consilio Deo auspicio esse conditum, ut novos semper foetus ecclesiae Dei clerici parturirent, gignerent atque foverent et ipse quoque, salutis animarum flagrantissimo desiderio exardescens, ex duplici suo spiritu, quem singulari gratia divinitus acceperat, Ordinem constituit, qui vitae contemplativae puritate alumnos ad vitae activae ardua et periculosa munia apte diserneret et tam sanctitate tam doctrina praepararet. Ordinis Praemonstratensis est sanctificatio, perfectio ipsorum sodalium et gloriae Dei propagatio, zelus animarum, sacramentorum divinorum administratio. Canonicus igitur et clericalis est Ordo et nullatenus monachalis.³⁾

Tredecim discipulos receptos Praemonstratum, valde desertum et solitarium locum, qui iam antiquitus vulgo Prémontré⁴⁾ nominatus, a Bartholomaeo, episcopo ecclesiae Laon, Sancto Norberto nimio amore addicto donatus est, in

Ergo inepte quidam scriptores Ordinem Praem. dicunt monasticum et Praemonstratenses monachos (Prämonstratenser - Mönchsorden, Prämonstratenser - Mönche). Ordo Praem. est canonicus et Praemonstratenses sunt canonici. In bullis Summorum Pontificum iste semper canonicus appellatur.

septimana passionis Dominicae anno 1120 adduxit, dein anno posteriore 1121 clericos numero iam fere quadraginta et quam plurimos laicos serio probatos die natali SS. Salvatoris solenni votorum professione et semetipsum Domino obstrinxit.¹⁾

A Praemonstrato institutum Norbertinum nomen accepit, quod sibi impositum etiam nunc ab omnibus adhibetur, Ordinis scilicet Praemonstratensis.

Non solum autem virorum (tum clericorum tum conversorum sive fratrum laicorum, qui sacerdotibus inservientes potissimum incubuerunt operibus rusticis, vel artificiis, quibus etiam illi se dedere debuerunt, nisi occupati fuerint rebus spiritualibus sive orationibus, sive administratione curae animarum) sed et feminarum cohortes Norbertus, ut ad Deum converteret studuit. Virgines, viduae, matronae non modo pauperes sed potius ditissimae genere clarissimo ortae ingenti fere multitudine novam religionem profitebantur, quamquam rigidissima vitae contemplativae disciplina subigebantur. Moniales fuerunt adeo inclusae²⁾ intra sibi attributas partes monasterii (nam primis temporibus viri et mulieres in uno eodemque coenobio habitabant), ut nemini hominum, ne propinquis quidem ad eas ingressus pateret. Nec in choro nec in ecclesia cantabant, sed tantum orationi vacabant secreto³⁾, psalteria sua et horas canonicas vel beatae Mariae Virginis cum silentio omnique humilitate et devotione legentes et in aliis operibus ecclesiae et fratribus suendo, nendo, texendo, lavando servientes⁴⁾.

S. Patris Norberti fervor salutis animarum fundatis institutionibus clericorum et sanctimonialium (primo et secundo Ordine, quae nomina familiis religiosis huiusmodi generis hodie imponi solent) nequaquam extinctus est, immo vero denuo exarsit, cum Theobaldus, nobilissimus princeps Galliae, comes de Champagne II., de Blois IV. (natus anno 1101) pietatis affectu perfusus Sancto se suaque omnia offerret, ingressurus sacram et candidam eius Ordinem. Propter gravissimas causas divus Norbertus desiderio comitis non obse-

cutus est; nam audierat ipsum esse largissimum patrem pauperum, perfugium et praesidium firmissimum orphanorum et viduarum, ecclesiarum et monasteriorum beneficentissimum fautorem, permultos principes sub eodem feodatos esse — comitatus Theobaldi latissime patebant — et intellexit ingressum eius in Ordinem et professionem religionis mutationes perniciosas secuturas esse, tum Ordini ipsi, tum principibus feodatis et pauperibus damnosas, causam detestabilium certaminum inter principes, vexationum religiosorum inferri posse. Itaque eum non recepit in suam, primam institutionem canonicam sed ei persuasit, ut matrimoniali vinculo sese alligaret¹⁾, nihilominus autem sub mundanis insignibus Candidi Ordinis esset sodalis, sub laicalibus vestibus candidum scapulare benedictum continuo devotissime gestaret.²⁾ Theobaldus († 1151) verisimile fuit primus professus Ordinis³⁾, quem Norbertus condidit ad salutem saecularium utriusque sexus vulgo Tertiariarum qui iam primo saeculo per totam Galliam propagatus et a plurimis Nobilibus receptus est⁴⁾.

Ordo Praemonstratensis in bulla ab Honorio, Papa II. die 17. Februarii 1126 edita solenniter confirmatus, mense Julii eiusdem anni divus Norbertus archiepiscopus ecclesiae Magdeburg designatus est.⁵⁾ Sanctus Praesul hoc munere gravissimo prorsus occupatus, vehementissime deditus officio pastoralis, non immemor suae institutionis Praemonstratensis (quae s. fundatore electo archiepiscopo, orbata erat clarissimo moderatore et duce) ne aresceret, quod a Deo per se plantatum fuerat, anno 1129 nuntios in Prémontré ecclesiam misit, qui fratribus huius canoniae indicarent voluntatem suam, qua eis permetteretur, ut alium patrem eligerent. Fratres unanimiter designarunt Hugonem, primum s. Norberti socium, patrem abbatem Ordinis, quem s. Fundator summo cum gaudio confirmavit et benedixit.⁶⁾

Aetate huius scriptoris non solum iste Ordo penitus obsoletus fuit sed etiam notitia historiae eius fere prorsus defuit.

Porro sanctus Archiepiscopus statuit, ut abbates quotannis in festo s. Dionysii die 9. Octobris in Prémontré convenirent et agerent de rebus Ordinem attingentibus. Prémontré iste sacerrimus locus, cuius terrae semen Ordinis pretiosissimum mandatum fuit, quod clarissimam arborem progerminavit, altius atque altius ascendentem, radices magis magisque protendentem, patulissimis ramis orbem terrarum obumbrantem, Prémontré factum est ab electione beati Hugonis caput totius Ordinis et obtinuit primum locum inter omnes eius ecclesias usque ad deplorandam suam excisionem vi tyrannorum foedae eversionis Gallicae temporibus saeviente factam.

Ordo Canonorum regularium Praemonstratensium, qui propter suas, niveas vestes etiam candidi filii s. Norberti vocantur, divinis auspiciis, deprecatione intercessioneque s. Patris Norberti, qui anno 1134 miraculis meritisque clarus die 6. Junii caelicolarum excelso coetui ascitus est, celerrime se extendit in omnes regiones patriae suae, se diffundit in terras finitimas, porrexit suas palmites per totum occidentem, adeo, ut fere nulla provincia inveniretur, in qua liliata eius proles virtutum splendoribus illustrata, vineam Domini eximia industria prosperrime plantans, magisterium pastorale scientiarum copiosa exercens non floreret, miris laudibus Summorum Pontificum, nobilissimorum principum propter innumerabilia merita in regendo et pascendo grege Domini praedicata. Iam in primo capitulo generali sex praelati, in secundo novem, in tertio duodecim, in quarto duodeviginti adfuerunt.¹⁾ In canoniam s. Martini (in Laon), dicit Herimannus, Ordinis s. Benedicti, abbas monasterii s. Martini in Tournay, intra 12 annos Gualtero abbate, qui anno 1124 huic praefectus est, plusquam 500 fratres inventos esse²⁾. Laurentius de Leodio (Liège) etiam monachus Ordinis s. Benedicti in sua historia episcoporum ecclesiae Verdun narrat, Ordinem Praemonstratensem per viginti annos a fundatione elapsos paene in 70 abbatias adolevisse.³⁾

Circa annum 1150 auctore Hermanno tot monasteria fuerunt, ut fere 100 abbates in festo s. Dionysii convenirent. Ex una canoniam s. Martini in Laon usque ad hunc annum

penitus caret. Si arborem genealogicam Arsenii Fasseau, catalogos Dion. Albrecht et Greg. Lienhart inter se conferentes propagationem intra priorem dimidiam saeculi 18. partem in singulis terris et regionibus respicimus, cognoscimus familiae s. Norberti hoc tempore sedes fuisse in: Alvernia (Auvergne), Alsatia (Elsass), Artesia (Artois), Austria (Ober-Niederösterreich) Bavaria, Belgio, Bohemia, Brabantia, Breisgau, Burgundia, Campania, Carinthia, Cleve, Cracovia, Flandria, Gallia, Franconia (Franken), Hannonia (Hennegau), Helvetia, Hispania, Hollandia, Hungaria, Italia¹⁾ Jülich, Limburg, Lotharingia, Lüttich, Moravia, Normannia (Normandie), Palatinatu (Pfalz), Picardia, Polonia, Rhaetia (Graubünden), Saxonia, Silesia (Schlesien), Suevia (Schwaben), Tirol, Vasconia (Gascogne) et Westphalia.

Exeunte saeculo octavo et ineunte nono perniciose damna mortiferis damnis continuabantur, quae dira vulnera Ordini inflixerunt. In Austriae provinciis Josephus II. vinculum sanguinis charitatisque inter fratres sororesque divellit, dein magnum numerum canoniarum sustulit, in Gallia finitimisque eius terris immani atrocique eversione, in Germania anno 1803 permultae eximiaeque sedes Norbertinae sunt oppressae.

Nequaquam deplorabilibus his calamitatibus finis miseriae et angustiarum factus est! Annus advenit nefastus 1835 in Hispania, bello civili dilaniata, quo plusquam fere 900 monasteria Ordinum proscripta, in Polonia annus 1832, quo 202 conventus Ordinum et 1863/64, quibus etiam Ordo Praemonstratensis casibus acerbissimis est iactatus.

Inter has procellas tempestatesque saevientes praeclarae ac procerae arboris summa ramique permulti scissa et contracta sunt, succus autem eius vitalis nequaquam torruit, immovero de integro germinavit genuitque palmites fructiferas. Quis potest numerare praeteritorum saeculorum innumerabiles fructus ingentis arboris, filios filiasque s. Norberti? Quis oculus potest terminare augustissima loca, quae heroum Norbertinarum spiritualium gesta perlustrarunt, virtutes virorum mulierumque beatorum, radia sanctitatis gloriosae prolis divi Patriarchae?²⁾ Quis potest emetiri et percurrere amplissima vineta venustis dulcibusque uvis plena, quae sacerdotes liliati a Domino vocati coluerunt? Quis potest contueri immensem

copiam florum suaveolorum, quibus amplissimi horti conclusi consiti erant? Quis tandem multitudinem adolescentium dicere potest, quos litteras et artes tot tantasque docebant in seminariis, academiis, collegiis, universitatibus publicis perfectissima eruditione, magno ingenio florentes¹⁾ Canonici Praemonstratenses?

Pietas, ardor curae animarum, studium scientiarum nullatenus fugerunt extinctis canonibus! Hocce saeculo stirps praeclara Norbertina valde eminet, maximi aestimatur illis virtutibus perspicua. Excellentiore viam perfectionis tenere, proficere in sanctitate et iustitia, salutem animarum fidelium curare est finis Ordinis, qui etiam hodie summa cum laude peragitur. Illud, uti ex re ipsa patet, palam raro innotescit, — Deus tantum omnipotens et sapientissimus omnes victorias Ordinis spirituales novit. — Istud autem est clarissimum, omnes facillime cognoscere possunt. Non solum pastorale officium sed etiam magisterium insigni studio administrant nivei filii Norberti. Educatio et eruditio adolescentium non est minima pars curae animarum imprimis hodie, potissimum hac aetate tam fidei morumque christianorum experte. „Cuius sunt adolescentes, eius et futura“! Hoc est principium firmissimum. Nequaquam hodie educatio christiana in scholis tantum elementaribus sufficit; nam saluti animarum puerorum perniciosa pericula raro imminet. Fidei pretiosissimus thesaurus praecipue maximeque adolescentibus studiosis in scholis ingenuarum litterarum, in lyceis, academiis, universitatibus eripitur. Ergo summopere intendendum est, ut studiosorum eruditio regi possit ac moderari.

Optime intelligentes et deliberantes plurium canoniarum Rssmi. D. D. Praelati iam pridem per suos Canonicos magisterium administrandum curabant. Hodie in Circaria Hungarica 5 gymnasia, in Austriaca et Brabantina singula gymnasia cum 2227 discipulis tamquam gymnasia Ordinis sunt, quia fere omnes eorum professores sunt Canonici Praemonstratenses, porro permulti Canonici funguntur magisterio in universitatibus, gymnasiis etc.

per Josephum II. anno 1787 sublatae erant, denuo restitutae, in Belgio omnes abbatiae et prioratus, quae catalogus continet, intra 1834—1840 sunt resuscitatae. Tongerlo, abbatia condidit in Anglia missiones Crowle (1872), Spalding (1875), Manchester 1889, in Gallia prioratum monialium Bonlieu (1869).

Anno 1858 in Gallia fundata est per Edmundum Boulbon congregatio Ord. Praem. cui primo cognomen „primitiva observantia“, postea vero mense Augusto 1886 „Gallica“ impositum est. (Essai biographique sur Edmond.)

Fundator congregationis Gallicae natus die 17. Jan. 1817 Ordinis Cisterciensis „primitivae observantiae“ (Trappistarum) abbatiam Gard prope Amiens ingressus a. 1835, sacerdos ordinatus 21. Mai 1843, petente abbate in Briquebec secretarius eius factus, per Galliae regiones collationem faciendi causa in gratiam monasterii Briquebec profectus cognoverat cultum divinum tam paupercule, tenuiter ac exigue saepissime procurari et consilium cepit, quam magnificentissimam sacrorum celebrationem instituendi; a superioribus suis admonitus hoc consilium repugnare statutis Ordinis sed impulsus, ut Ordinis Praemonstratensis — cuius praecipue est quam maxime dignus cultus divinus imprimis ss. sacramenti eucharistiae¹⁾ — primitivam observantiam excitaret, Romam se contulit, apostolicam sedem 4. Dec. 1856 adiit, ut solveret sua vota religiosa et sibi concederet novam institutionem. Ss. Pater Pius IX. valde gavisus precibus eius obsecutus est.

Primum propositum in Prémontré, alma sede Ordinis penitus desolata, canoniam erigendi propter maximas impensas exsequi nequit, adhortante venerabili parocho in Ars elegit Frigolet prope Tarascon, ubi magna aedificia castris vel castellis non dissimilia erant²⁾ quae anno 1858 emit 12000 fr. et 28. April. h. a. solenniter occupavit. Eodem anno vota (simplicia) perpetua coram archiepiscopo ecclesiae Aix emisit. Primi socii eiusdem erant Josephus Dubois, Aloisius Darras, Roman Paloumet et Thomas Boissy-Dubois. Ab anno 1858—71 novitii vota simplicia perpetua, 1871—86 (13. Mart.) primo temporalia, praeteritis 3—5 annis perpetua, hodie praeterito novitiatu vota religiosum perpetuo, ecclesiam autem tantum temporaliter obligantia, triennio peracto tandem vota proprie perpetua emittuntur.

Congregatio ab anno 1858—68 secundum statuta Ordinis anni 1290, dein secundum antiquiora quam his vixit. Anno 1868 (28. Aug.) canoniam Frigolet a Summo Pontifice prioratus et posteriore (4. Augeat et benedicat Deus, Omnipotens et Misericors totam sacram ac candidam stirpem, ut in dies crescat, latissime se diffundat, pulcherrime floreat!

Praenotanda:

Sacer, candidus, canonicus ac exemptus Ordo Praemonstratensis hodie dividitur in tres circarias (provincias), quibus praesunt vicarii et visitatores generales. Summus omnium praelatorum est abbas generalis, qui vicarios ipse eligit. Visitatores designantur per capitulum generale.

In canoniis primi Ord. s. Norberti circariae Austriacae et Hungaricae anno novitiatus exacto vota simplicia et tribus annis post professionem simplicem praeteritis solemnia, circariae Brabantinae autem duobus annis novitiatus exactis vota simplicia et tribus annis post prof. simpl. solemnia, in canoniis autem secundi Ordinis vota simplicia non emittuntur, vota solemnia in aliis virginum canoniis alio temporis spatio exacto.

In nonnullis canoniis secundi Ordinis habitant sorores, quas dicunt donatas. Secundum statuta Ordinis viros et mulieres probos, pios, ad laborem aptos, uti requiritur in fratribus et sororibus conversis (laicis), recipi possunt in Ordinem, qui se suaque donant canoniae sed non ita ei incorporantur, quin ob iustas causas dimitti possint. Vestes donatorum vel donatarum parum differunt a vestimentis saecularibus. Sorores donatae clausuram non promittunt nec monialium claustrum unquam ingrediuntur sed foris (tamen in canoniam) versantur, conventui monialium ancillae in rebus extra claustrum vel extra canoniam agendis fideliter serviunt.

Ordinis parochiae sunt incorporatae vel tantum mandato episcoporum administratae.** In imperio Austriaco-Hungarico et in regno Nederlande parochiae sunt incorporatae, in Belgio et Gallia tantum administratae, quia concordato inito omne ius patronatus canoniarum periit. Parochi autem per praelatos etiam dissentiente episcopo revocari possunt.

Sunt etiam parochiae saeculares iuri patronatus canoniarum obnoxiae. Numerus earum est decem. Canoniae Csorna sunt 3 parochiae huiusmodi generis, Jászó 4¹⁾, Schlägl 1 (Mirotic in Böhmen, dioec. Budweis), Strahov 1, Zwierzyniec 1.

Canoniae Czerwińsko et Imbramovice in Polonia edicto gubernii caesarei Russici vetantur novitias recipere, postquam numerus virginum iam diu in 14 constitutus est. In abbazia Imbramovice hodie etiam habitant nonnullae virgines Ordinis Cisterciensis extincti monasterii Kimborówka in Lithunia (Lithauen).
